Terminal Disclaimer

I, Donald G. Keach, with a business address of University of Kentucky Research Foundation, A144 ASTeCC Building, Lexington, Kentucky 40506-0286, state that I am a representative authorized to sign on behalf of University of Kentucky Research Foundation, identified below as the assignee of the entire right, title and interest in and to the above-identified patent application, U.S. Patent Application Serial No. 10/803,521. I have reviewed all the evidentiary documents accompanying or referred to in the instant Terminal Disclaimer and certify that, to the best of my knowledge and belief, title to the above-identified application is in the name of University of Kentucky Research Foundation.

University of Kentucky Research Foundation, of A144 ASTeCC Building, Lexington, Kentucky 40506-0286, is the assignee of the entire right, title and interest in and to the above-identified application, U.S. Patent Application Serial No. 10/803,521, by virtue of an assignment from the inventor to University of Kentucky Research Foundation that was recorded in the United States Patent and Trademark Office at Reel 015029, Frame 0777, on August 12, 2004.

University of Kentucky Research Foundation hereby waives and disclaims the terminal part of any patent granted on the above-identified application which would extend beyond the full statutory term of U.S. Patent No. 6,610,271 and hereby agrees that any patent so granted on U.S. Patent Application Serial No. 10/803,521 shall be enforceable only for and during such period that the patent is commonly owned with U.S. Patent No. 6,610,271. This agreement runs with any patent granted on the instant application and is binding upon the Assignee, its successors or assigns.

University of Kentucky Research Foundation does not disclaim any terminal part of the term of any patent granted on the instant application prior to the expiration date of the full statutory term of U.S. Patent No. 6,610,271 in the event that said patent expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a re-examination certificate, is reissued, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer.

University of Kentucky Research Foundation hereby waives and disclaims the terminal part of any patent granted on the above-identified application which would extend beyond the full statutory term of any patent granted on U.S. Patent Application Serial No. 11/376,979, and hereby agrees that any patent so granted on U.S. Patent Application Serial No. 10/803,521 shall be enforceable only for and during such period that the patent is commonly owned with any said patent granted on U.S. Patent Application Serial No. 11/376,979. This agreement runs with any patent granted on the instant application and is binding upon the Assignee, its successors or assigns.

University of Kentucky Research Foundation does not disclaim any terminal part of the term of any patent granted on the instant application prior to the expiration date of the full statutory term of any said patent granted on U.S. Patent Application Serial No. 11/376,979, in the event that any said patent expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321(a), has all claims canceled by a re-examination certificate, is reissued, or is otherwise terminated prior to expiration of its statutory term as presently shortened by any terminal disclaimer.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made in the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
